FATHER JOZEF HEALTH NEWS

The health of our pastor continues to improve. He is moving more slowly now but is more than capable of fulfilling all his duties and remains committed to serving Our Lord and this parish. His doctors are pleased with the progress.

TRINITY UNITED MOVE

Our former sister parish Trinity United has completed their move out of our property. They report the purchase of a former JW Church 6011 Doumont Road as their new home. TU is busy moving in and making some improvements to the property. We send blessings and wishes for much success.

PARISH NAME AND SIGNAGE

Father Jozef has announced that our new name will be HOLY TRINITY CATHOLIC PARISH. Plans are underway for changing the signs on the front of the church building, on Spartan Road, and on Metral Drive. An official launch is planned for late September or early October.

ROADWORK ON METRAL

Frequent travellers on Metral Drive will notice that the work at the south end off Mostar is close to completion. The middle section around Turner is being currently staged. Soon it will be difficult to access Spartan Road from the south. And access to Spartan Road will be more challenging until the whole project is complete.
